Question No. 1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are implementing Dynamics 365 Business Central for a company. The company provides subscription services to their customers. The subscription invoices are almost identical each month.

The company wants to set up recurring sales lines for subscription invoices.

You need to create systems for creating subscription invoices.

Solution: Create a sales quote for each customer. Add the sales lines to the quote. Then, use the Copy Document feature to create a new invoice.

Does the solution meet the goal?

- **A.** Yes
- **B.** No

Answer: B

Question No. 2

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are implementing Dynamics 365 Business Central for a company. The company provides subscription services to their customers. The subscription invoices are almost identical each month.

The company wants to set up recurring sales lines for subscription invoices.

You need to create systems for creating subscription invoices.

Solution: Create a new recurring sales line. Open the relevant customers and attach the Recurring Sales Lines code to the customer. Then, run the Create Recurring Sales Invoices batch to create the invoices.

Does the solution meet the goal?

- **A.** Yes
- **B.** No

Answer: A

Question No. 3

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You are implementing Dynamics 365 Business Central for a company. The company provides subscription services to their customers. The subscription invoices are almost identical each month.

The company wants to set up recurring sales lines for subscription invoices.

You need to create systems for creating subscription invoices.

Solution: Create a blanket order. Add the necessary lines to the blanket order. Create the monthly sales order. Then, create the invoice.

Does the solution meet the goal?

- **A.** Yes
- **B.** No

Answer: B

Question No. 4

You have a Microsoft Excel file that includes journal entry data that must be imported into Dynamics 365 Business Central. This file was previously imported into a General Journal batch.

You receive an updated version of the file that includes corrections, deletions, and new journal entries.

Which three actions can you perform by using the Edit in Excel feature? Each correct answer presents a complete solution.

NOTE: Each correct selection is worth one point.

- **A.** Modify an existing line in a General Journal batch
- **B.** Insert a new line in a General Journal batch
- **C.** Post one or more lines in a General Journal batch
- **D.** Request Approval for one or more lines in a General Journal batch
- **E.** Delete an existing line from a General Journal batch

Answer: A, B, E

Question No. 5

A user reports that they cannot create or view sales quotes in Dynamics 365 Business Central.

You need to help the user create and view sales quotes.

From which three cards can the user perform the required activities? Each correct answer presents a complete solution.

NOTE: Each correct selection is worth one point.

- **A.** Service Item
- **B.** Opportunity
- **C.** Job
